

LGLA @ Spring 2017 Area Association Conferences

The Local Government Leadership Academy is pleased to be sponsoring sessions at all five of this year's Area Association spring conferences.

At **AVICC**, we will be partially sponsoring both the Mayors Caucus and the Electoral Area Directors Forum.

At **SILGA** we are sponsoring a presentation by Jake Rudolph, Deputy City Manager with the City of Abbotsford and a member and representative of CAMA, on CAO Performance Review.

And then at **AKBLG**, **NCLGA** and **LMLGA** we are bringing in former Nelson City Councillor Donna MacDonald to deliver a presentation based on her 19 years in local government and her recently published book *Surviving City Hall*.

For all of those who will be attending their regional conference, we commend you for taking time out to stay in touch with your colleagues and focus on your professional development as elected officials. These opportunities to connect with peers and learn from subject experts are few and far between – and they are crucial to good governance.

Best wishes for a successful spring conference season!
